Beginning Sunday, January 8 thru April 1

THE GOAL of our children's education programs at Christ Church of Arlington is to come alongside parents in their task of discipling their children; to help our children learn that they are made for God's own glory and to apply this purpose to their lives. Through catechizing and scripture memorization, children are systematically taught the basics of knowing and serving God – gaining a functional understanding of the basic topics of creation, sin, providence, scripture, salvation, the church and Christian discipleship. Aided as appropriate by music, art and games, children will not only be led to memorize important truths, but also to gain an understanding of the Bible that will lay a foundation for a rich life full of faith in and service to God through Jesus Christ our Lord.
